Languages

Experience

Aug 2017 -

Feb 2018

Quantitative Developer - Associate

TD Securities

Quantitative Modelling & Analytics Group

- Responsible for development and implementation of sophisticated derivatives pricing and risk models, exposing functionality to Excel and Java (C++, Java)
- Led Machine Learning group learning course available bank-wide. Covering key Data Science techniques and ML models, with cap-stone project and Data Hackathon team participation
- Develop network of Chatbots, providing easy access to a variety of useful data and algorithms

Feb 2017 -

Aug 2017

Quantitative Developer - Associate

TD Securities

Treasury Analytics Group

- Leverage data visualization tools to deliver interactive mortgage-backed security (MBS) valuation module to business leaders (Matplotlib, Seaborn, Plot.ly)
- Benchmark and stability testing of quasi-Monte Carlo method allows for Key Rate Vega and Convexity hedging (Pandas, C++)
- Presented *Lunch n' Learn* utilising Jupyter RISE to deliver real-time code execution and animations
- Courses Completed:
 - Udemey - Data Science and Machine Learning with Python
 - Udemey - Taming Big Data with Apache Spark and Python

Research

2014 - 2016 **Major Research Project**

Tulin Research Group

inSIDious Matter

- Phenomenological exploration of a particle physics model for an inelastic self-interacting dark matter (Mathematica, Scipy)
- Theoretical formulation of scattering quantities by tensor calculus and numerical partial-wave analysis
- Determination of allowed parameter-space for theory in agreement with predictions from N-body simulations and astronomical observations
- New efficient techniques for numerically determining scattering cross-sections in the classical regime are implemented
- Visiting Researcher at the *Perimeter Institute for Theoretical Physics*

Education

2014 - 2016 **MSc., Theoretical Physics**

York University, Perimeter Institute (PI)

Toronto/Waterloo, Ontario, Canada

TA: Engineering/Physics Lab; Science, Technology & the Environment

2009 - 2014 **HBSc., Physics & Philosophy**

Trinity College, University of Toronto

Toronto, Ontario, Canada

Senior Thesis – Graphene: Hartree-Fock Analytics and Numerics

Experience cont'd

Jul 2016 -
Feb 2017

Business Systems Analyst - Associate Enterprise Fraud Analytics Program

TD Bank Financial Group

- Subject Matter Expert (SME) for Identity & Access Management. Developed Role-Based Access Management tools to automate RBAC reporting (Pandas, Excel, Selenium)
- Interfaced between business and Testing Centre of Excellence to facilitate continuous testing on vendor platform delivery.
- Completed Courses:
 - Global Knowledge - IBM BigInsights Foundation with Hadoop
 - Coursera (Columbia University) - Financial Engineering and Risk Management Part I

Sep 2014 -
Apr 2016

Teaching & Research Assistant

York University, Tulin Research Group

- Maintained a broad knowledge of general science to lead tutorials in *Science, Technology & the Environment* as well as weekly topics relevant to *Engineering/Physics Labs*.
- Worked to promote a holistic understanding of difficult concepts through the use of qualitative, quantitative, analytic and synthetic thinking while efficiently assessing a high volume of student problem sets and assignments.

Apr 2014 -
Sep 2015

Application Analyst - Intern Equities Trade Support

National Bank Financial Markets

- Worked on NBFM trading floor, directly interfacing with institutional equities, direct market access, and discount brokerage traders
- Created ETL framework and Tableau dashboards to provide meaningful business insights from global equities trade data, leading to the adoption of Tableau Server across the LoB
- Designed and implemented `angular.js` Big Data PoC for legal compliance reporting. Consolidated data from legacy Sybase servers into modern data structure to increase search speeds by 1000%
- Explored use cases for `Bokeh`, `d3.js` for visualising real-time market data

Volunteering

Annual

Benefit Concerts

ABC for SickKids, CANFAR - AIDSbeat, March of Dimes - Rock for Dimes, CIBC Run for the Cure, Big Brothers Big Sisters of York, CIBC Rock for LIFE, AUSUM Charity for Autism, Raising the Roof - Sounds of the 6ix

2014 -
Present

UofT A&S Mentorship Program Department of Physics Mentor

Jul 2014 -
Present

TD Associate Knowledge Academy

Executive, *Lunch n' Learn* Presenter, Group Learning Coordinator, Associate Fireside Chat Creator

TD Co-op Mentorship Committee

Executive, Mentor

Leadership

2009 -
2014

Trinity College Literary Institute Speaker, Archivist, Member

2011 -
2014

Trinity College James Bond Society President

2012 -
2013

Trinity College Meeting Deputy Chair
